Reorders

For convenience, we keep the fingerprint, foot print or hand print on file forever. The family may place additional orders at any time through the funeral home.

Custom Options

You can order Precious Memories Keepsakes any way you want. The keepsakes are listed starting with the pendant alone. From that point, additional options are listed.

Special orders are always welcome. For a small fee we can put extra stones on any item.

After Burial Orders

We may use prints from birth certificates, military records, pistol permit applications, or even arrest records. We will return the original documents with your order as per your request. These documents may be scanned (at 600dpi) or the original documents may be used.

Precious Memories™

A Keepsake of Love

Precious Memories™

A Keepsake of Love

The desire to remember a lost loved one through mementoes and keepsakes goes back as far as human history. Whether it's a locket of hair, a photograph, a letter or some other personal item, we've always felt compelled to remember those who've left us with something we can see and touch long after they're gone.

Precious Memories™ are keepsakes that allow you to remember the one who has passed in a truly unique and powerful way — with a tangible imprint that captures the unique impression every life makes on our own. Captured from a biometrically scanned or inked fingerprint, handprint, or footprint, each one is both unique and everlasting - preserving in precious metal every line and contour for countless generations to come.

Any number of Precious Memories Keepsakes (including different styles and with different engravings) can be customized from the same impression.

We offer a beautiful variety of keepsakes to fit your needs and lifestyle, including:

- Pendants
- Cremation Keepsakes
